### **RESUMPTION OF PUBLIC HEARING - WASTE DISCHARGE REQUIREMENTS - PHASE I OF CITY LANDFILL UNIT 2, SUNSHINE CANYON LANDFILL, SYLMAR, CALIFORNIA (File No. 58-76)**

This Regional Board considered tentative Waste Discharge Requirements (WDRs) for a proposed landfill expansion, referred to as Phase I of City Landfill Unit 2 at the Sunshine Canyon Landfill, at a special Board meeting on July 24, 2003 and two subsequent regular Board meetings on September 11, 2003 and November 6, 2003. At the November 6, 2003 Board Meeting, the Board heard presentations by Board staff, medical experts from the County of Los Angeles and the University of Southern California, the project proponent, as well as comments from elected officials and the public. However, the Board did not have sufficient time to rule on this matter at that Board meeting.

This letter is to inform you that the hearing will be resumed during the regular Regional Board meeting that is scheduled on December 4, 2003 at Council Chambers, 2929 Tapo Canyon Road, City of Simi Valley, California. The public hearing portion of this matter was concluded and closed at the end of the November 6, 2003 meeting. The Board will commence its deliberation at this meeting, which could include clarifying questions of staff, but will not include any additional public testimony. At the conclusion of its deliberations, the Board may take action on the proposed waste discharge requirements.

A reporter's transcript of the November 6, 2003 Board meeting, as well as updated tentative Waste Discharge Requirements and the Monitoring and Reporting Program may be reviewed at the Regional Board's website at
